

Portal Guide

How to guide :

Using the bigblu customer portal

You can sign in to the bigblu customer portail anytime. Either go to bigblu.ie/for-customers/ and click on the orange sign in button or go straight to mysatelliteportal.com where you will be invited to sign in :

The image shows a screenshot of the bigblu customer portal sign-in page. At the top left is the bigblu logo. At the top right are navigation links for a home icon, 'English', and 'Sign in'. Below the header is a white sign-in form with a light blue background. The form has two tabs: 'Sign in' (selected) and 'Redeem invitation'. Under the 'Sign in' tab, there is a 'Sign In' heading, followed by two input fields for '* Email' and '* Password'. Below these fields is a checkbox for 'Remember me?'. At the bottom of the form are two buttons: a blue 'Sign in' button and a white 'Forgot your password?' button.

Enter your email address and password and click sign in.

Note : You will have received a token to sign in when you first joined bigblu. If you have not used it to sign in, it's likely you'll need a new token. Email info@bigblu.co.uk with the subject line "portal token" and we will get you a new token. You will receive this via email and will need to click on register, then confirm your email address and enter your password.

Passwords must be at least 8 characters long and include one capital letter and one digit. Now you are logged in to the bigblu customer portal.

The first time you log on you will be prompted to confirm your email. This will generate an email to you with another link to follow. You only need to do this the first time you access the portal.

Menus

The main menu is on the left of the screen. This allows you to access your personal information, payment details, devices and update your contact preferences.

The top menu contains useful information such as User Guides and FAQs :

Profile

This is the first section you will see after logging in. It contains your personal information which you can change anytime by updating the information and clicking 'Update'.

Company Name

JOHN DOE

Account Number

SW-C000264

Preferred Language

Update

Payment Details

Clicking on Payment Details on the left-hand side of the screen allows you to view your billing history, manage cards, pay your bill and set up a Direct Debit.

Payment Details

JOHN DOE	View billing history on your account Billing History	Manage all cards on your account Manage Cards
Profile	Select to pay your bills Pay My Bill	Select to create a Direct Debit mandate Create Direct Debit
Payment Details		
Contracts & Devices		
Contact Preferences		
Marketing Preferences		
Security		
Change Password		
Change Email		

Each time you click a button, a new tab will open. Closing that tab takes you back to your Payment Details.

Clicking on your “Billing History” brings up your past payments and allows you to Export PDFs of past invoices.

Selecting “Manage Cards” allows you to see any existing payment cards and add new cards as needed by clicking on add new card.

Clicking on “Pay My Bill” will bring up any outstanding invoices, which you can then pay.

If you have not already set up a Direct Debit you can click on “ Create Direct Debit” and enter your details using this simple Direct Debit Mandate :

Set up a Direct Debit with Bigblu

FAQs contains our most frequently asked questions divided into customer questions, technical questions and business customer questions. These are well worth a look before getting in touch with our customer services teams.

Customer FAQs

FAQs	How can I upgrade my account?
Customer FAQs	How can I cancel my account?
Technical FAQs	Can I use my bigblu service to connect to my work or office via VPN?
Business FAQs	

There's nothing to stop you connecting to your company's corporate VPN to your bigblu service, but there are some things to check. Ask your IT team if your company uses an IPSec type of VPN.

If so, these often require a staticIP address to function. Static IP addresses are only provided on our Pro tariffs.

We use packet acceleration technology to help data efficiently travel the distance to and from your system. With certain VPN connections, information is encrypted, and no acceleration can be applied. So, you might experience performance problems, or the system may not be able to run.

We recommend giving our support team a call to talk it all through. That way we can help you choose the right product to use our satellite broadband services over an IPSec VPN.

- [I've used up my priority data, what happens to my speed now?](#)
- [How can I check what download performance I am getting?](#)
- [Are there limits to how much data I can transfer?](#)
- [Can I get a static IP address on my bigblu broadband service?](#)
- [I'm not getting the speeds I was promised, what should I do?](#)
- [How do I cancel?](#)

Don't forget to log out when you are done by clicking 'Sign out' at the bottom of the drop-down menu under your name.

The screenshot shows the bigblu user interface. At the top, there is a navigation bar with the bigblu logo, a home icon, and links for 'User Guides', 'FAQs', 'Contact', 'English', and a user profile dropdown for 'JOHN DOE'. Below the navigation bar, the page title is 'Profile'. On the left, there is a sidebar menu with options: 'JOHN DOE', 'Profile', 'Payment Details', 'Contracts & Devices', 'Contact Preferences', 'Marketing Preferences', 'Security', 'Change Password', and 'Change Email'. The main content area is titled 'Your Information' and contains form fields for 'First Name' (JOHN), 'Last Name' (DOE), 'Address Line 1' (SATELLITE HOUSE test), and 'Address Line 2' (test). A dropdown menu is open under the 'JOHN DOE' user name, showing options: 'Profile', 'Payment Details', 'Contracts & Devices', 'Contact Preferences', 'Marketing Preferences', and 'Sign out'.
